

**You and your detective team head to Geotopia University. As you search the campus, Annie spots you and takes off running. You chase her up five floors and finally catch her at a dead end. She yells, "This is not fair! Why can't I be the one to save the city?"**

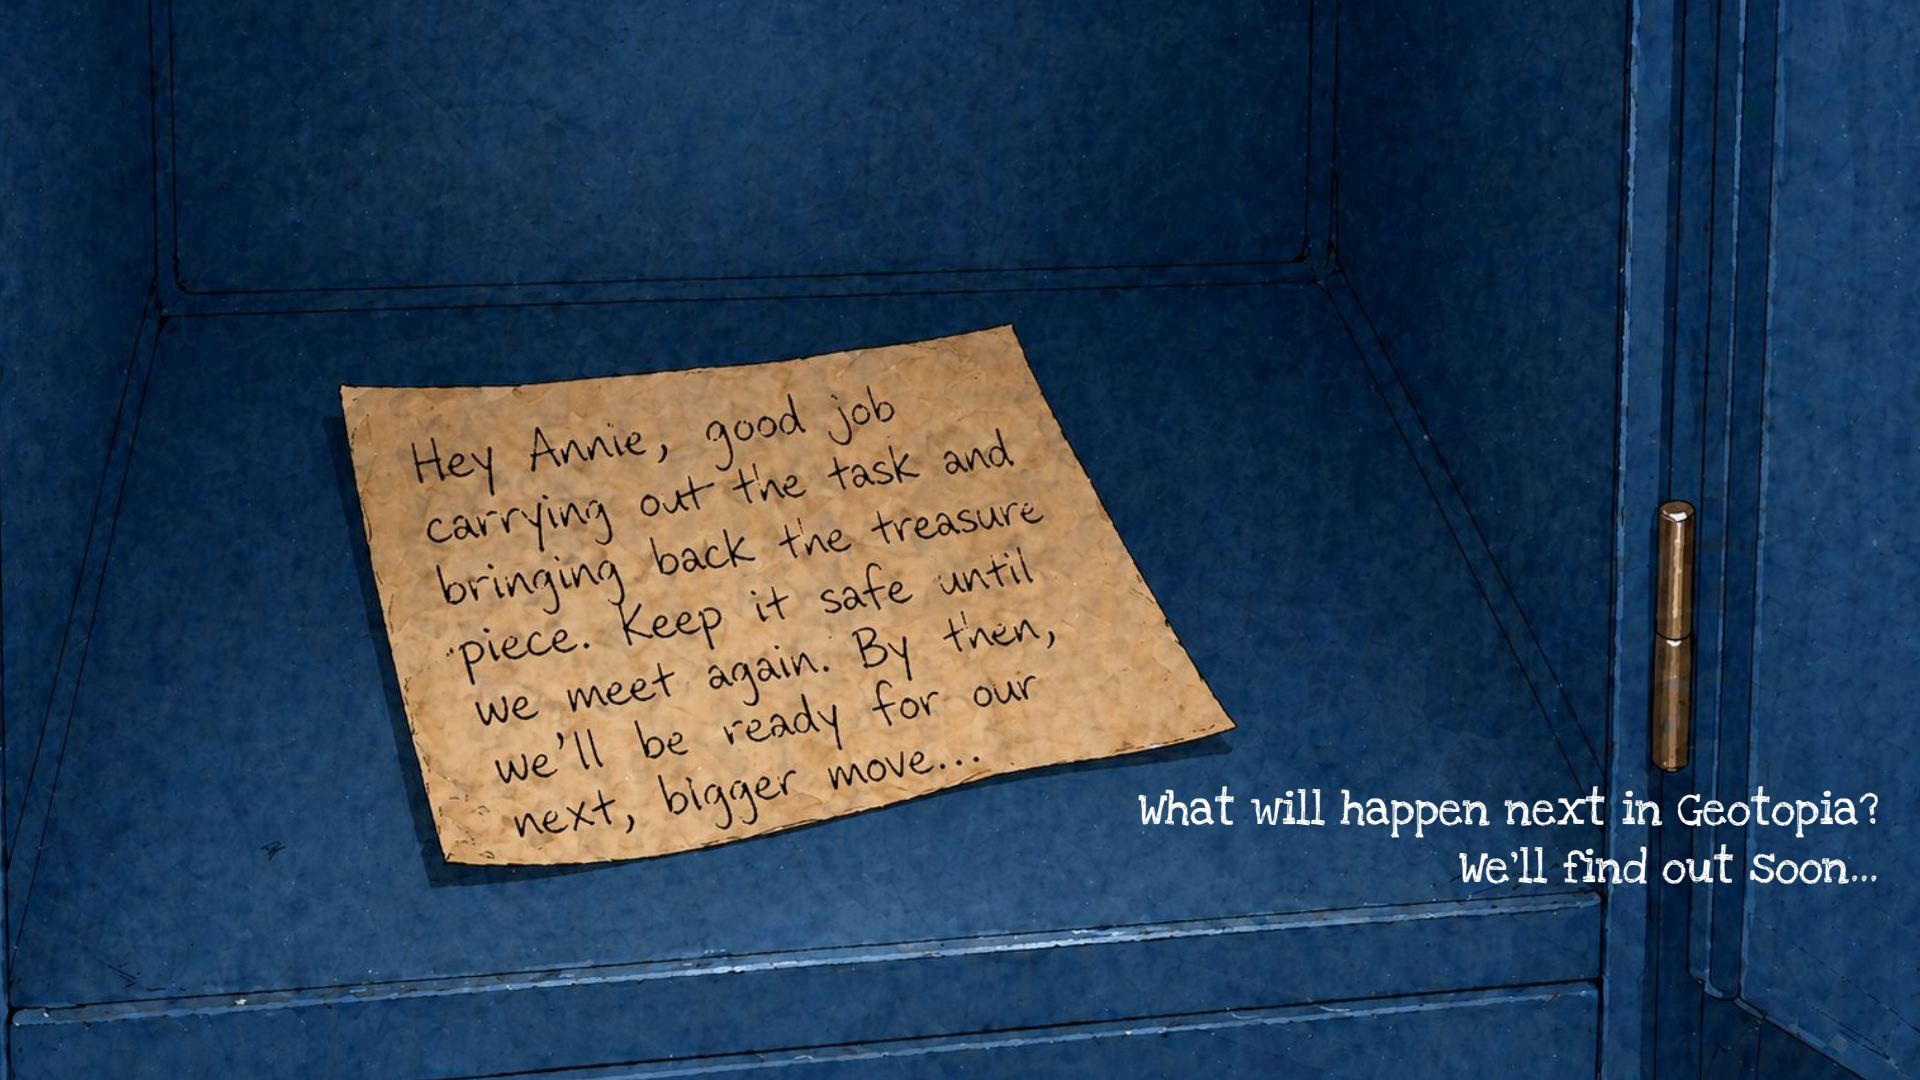

**Later, you found the last fragment in her locker.**

Click the piece, double click, copy image, and paste on your treasure wall.

A blue metal safe is shown from a slightly low angle. The safe door is open, revealing a brass handle on the right side. Inside the safe, a piece of aged, yellowed paper is placed on the bottom shelf. The paper has handwritten text in dark ink. The safe's interior is a deep blue color, and the lighting is somewhat dim, creating a sense of mystery.
